

# RITUALS TO ASCEND THROUGH THE NEW WORLD ORDER.

By Eye of Ra

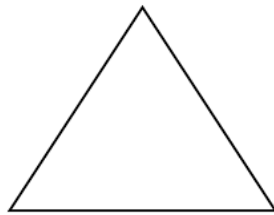

Every age is marked by a shift—an unseen hand rearranging the patterns of life, power, and destiny. We are living in such a time, where the old order is fading and a new one is emerging. The question is not whether change will come, but whether we will rise with it or be left behind.

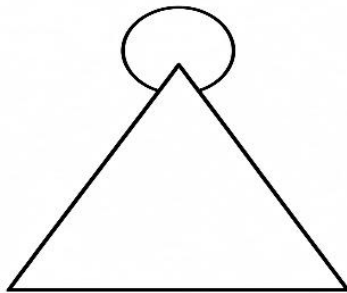

This **carefully** crafted ritual was revealed to me - Eye of Ra (EoR) by higher realms on how not just to survive through confusion, fear, suffering and complacency often associated with emerging New World Order but also rise to the peak of it, where you radiate authority, clarity, stability and riches.

### INSTRUCTIONS:

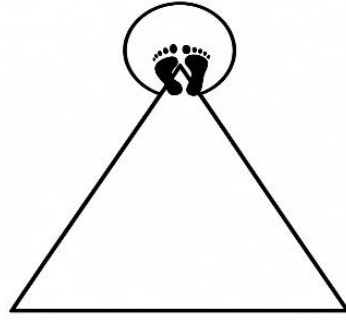

1. Draw a giant triangle pointing **East** (direction of the rising Sun) as shown in the diagram below. The drawing can be on **any material** and with **any marker**.

2. Draw a circle around the intersection of the triangle as depicted in the image.

3. Place your feet at the points of Triangle - Circle intersections as captured on the diagram.

## **SAY THE AFFIRMATION/PRAYERS**

### **1. For Alignment**

Dear Universe, align my Soul with Your new order. Remove every distraction and resistance within me, so I may walk boldly in the path You have set before me. Align my spirit, mind and body with the highest authority.

### **2. For Strength & Wisdom**

Supreme Source of everything, grant me the strength to rise above fear, doubt, and complacency. Let me carry the mantle of truth and courage as I step into this new era. Give me wisdom to discern the times and the grace to act with clarity. May I not miss my place in Your divine arrangement and order.

### **3. For Purpose**

God of destiny, as You establish a new order, reveal my role. Empower me to fulfill my calling and to be a light in the midst of change. Unite me and my components, let our collective strength ignite my transformation to accelerate me to the peak of the order.

MAY LIGHT SHINE ON MY PATH.

...Let the light shine!
